

CHARTERHOUSE

The Expo 2020 Bid and recruitment are inextricably linked adding a further boost to the economic recovery underway across the UAE, with Dubai at the core once more. Based around commercial pragmatism, innovation and ever increasing connectivity, Dubai is perfectly placed to host this world event.

We at Charterhouse Middle East are proud supporters of the Bid and as our UAE legacy enters its second decade, we hope to be part of the Expo 2020 vision and the subsequent opportunity it will present across all areas of the employment sectors. This, we believe, is an exciting and unique catalyst for all areas of the job market as Dubai is set to dominate the global stage once again.

The successful Bid shall further endorse the vision and leadership of HH Sheikh Mohammed Bin Rashid Al Maktoum, giving individuals and businesses alike the opportunity to tap into this global potential.
